WOODROW LADNER

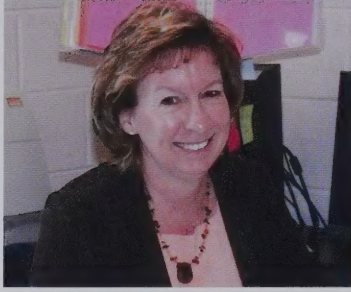

This year we would like to dedicate the year-book to a very special person who has spent many years and many hours in our school system. This person is Mr. Woodrow Ladner. Mr. Woodrow Ladner was born on February 27, 1923. He was born and raised in a little town known as Dedeaux. Mr. Ladner graduated from Dedeaux High School in 1942. After he graduated he attended Pearl River Community College until 1943. In 1943, at the age of nineteen or twenty, he was drafted into the Army Air Corps. After a year spent in the Army he was honorably discharged due to medical reasons. About eight years later he taught at St. Johns High School for a year. After teaching he decided to try out the hotel business. Following a few years of hotel work Mr. Ladner routed back to teaching. He taught at Pass High and Dedeaux High School. Mr. Ladner served four years on our school board. Now you can find Mr. Ladner in the halls of Hancock High School. There is not one day that you will not see him helping the offices, sitting in classrooms or just roaming the halls looking for someone who needed a good talking to. Mr. Ladner has been a substitute for our school for many years. When we asked his son Mr. Daryl Ladner why his father was still a substitute he said, "he enjoys being around kids. The good kids." So on behalf of Hancock High School ...

**THANK YOU
MR. WOODROW LADNER!!!**

**"He enjoys
being around
kids.
The good kids."**

As freshman we roamed these hallways afraid of getting lost or picked on because we were the "babies" on campus. Then, as sophomores we felt a bit more grown up, and we began making lasting memories and bonding friendships. Next, came our junior year, and we were a rowdy crew. We planned prom, dominated at pep-rallies, and even began staking our claim as seniors. Now, our senior year is here so let's make the Class of 2008 a class no one will forget and the best one to remember. When we walk across that stage to receive our diplomas, I hope everyone holds their heads up high because we worked really hard to get this far! Congratulations and Good Luck Class of 2008.

As we look back on the year at the many memories made and the moments we shared together it has been a great year. We've finally made it through the year that people say is when everything truly matters. We've taken the tests, classes, and opportunities needed to succeed. Now it is finally our time to have fun and make the most of our senior year. I am so excited to be graduating with this class. We've pulled together and definitely have grown into a fun group. I hope everyone has a great summer and prepares themselves for an awesome year as seniors. I can't wait to see everyone in the fall. Lets live our last year as if it were our first. "Here's to the nights we felt alive ... because tomorrows gonna come too soon." -Eve 6.

Class of 2010,

Great job! We made it through another year of high school. This year was very eventful yet passed so quickly. The next two years will pass by even faster. We hosted homecoming and enjoyed every bit of it. We have continued to have another great year as sophomores and hopefully we will have more as we go into our junior and senior years. We have made the class of 2010 proud and we will continue to do so. Once again I have enjoyed being your class president.

Dear Class of 2011,
 I want to start off by saying congratulations for making it through your freshman year in high school. Coming here some of the new freshman were nervous, excited, and maybe even a little scared, but we all pulled through with flying colors. They say high school is the best four years of your life. I'm not going to

lie and say it's going to be easy, but if we all stick together we will be able to overcome anything. I wish that all of you have a great high school experience and an even better sophomore year, good luck! The class that was truly sent from heaven, we are the class of 2011!

Star Student and Star Teacher

Melissa Ambrosino and Kay Palombo

If any senior were asked who is the most demanding teacher on our campus, he would probably choose Ms. Palombo. Her reputation may deter some students from taking her advanced English classes, but it is exactly the reason I chose to take her class. I believe that if people are allowed to slide along through life, they will. People must be pushed in order to grow, and that is exactly Ms. Palombo's philosophy. Though there were times in her class where I felt like I was being pushed to my limits I ultimately learned that I am capable of rising to great expectations. I would never have realized this had she accepted substandard work. I also feel like my writing has greatly improved under Ms. Palombo's guidance. So often people will "sugarcoat" to avoid hurting people's feelings. I greatly appreciate that Ms. Palombo was never afraid to critique our work because it is only through awareness that change can come about. After taking her class, I feel entirely prepared for college English. It has been said that it is impossible to tell where a teacher's influence stops. Her influence inspired me to actually pursue my dream of becoming a writer. Hopefully, what I write will make an impact on someone else and the chain will continue. It will all be thanks to Ms. Palombo.

Becoming a teacher is not something I just settled for; being a teacher is all I have ever aspired to be. To me, it is an amazing privilege to influence the future I see in the dreams and goals of students in my classes. Teaching is not about showing people how smart their teacher is; it is about helping them realize how talented they truly are. Challenging students to go beyond the basics is my goal and having students like Melissa Ambrosino is what teaching is about to me. Watching her grow as a reader, a writer, and a thinker has been a highlight of my teaching career. I know the world can expect greatness from her, not because of something I have done, but because of something she found within herself as a student at Hancock High School. I am happy to have witnessed her journey, as well those of her classmates. I am truly honored to have been selected by Melissa Ambrosino as her Star Teacher, and I look forward to seeing her continued success in the world.

Class of 2008

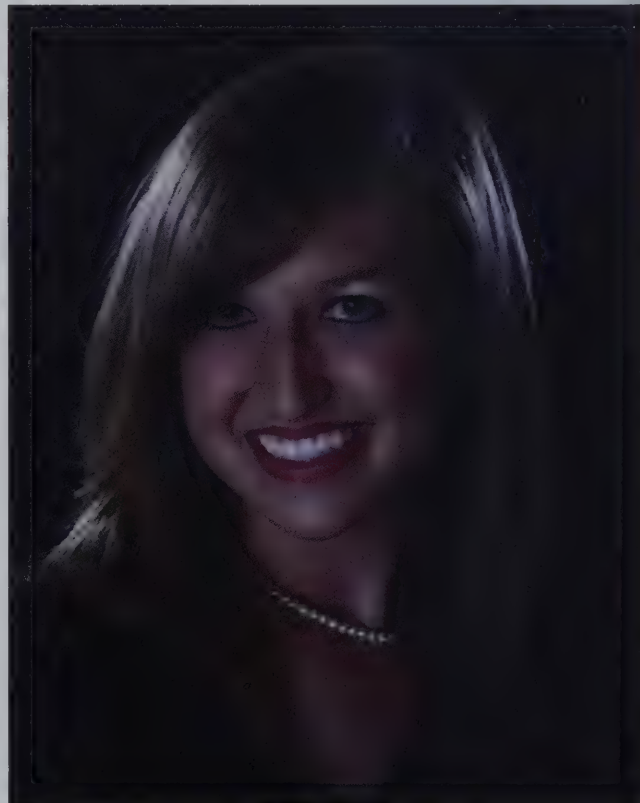

Ashlen Bissell

Ashlen has been a member of BETA Club, National Honor Society, SADD, and National Spanish Honor Society. She is a Fellowship of Christian Athletes Leader. Along with being a Superintendent Honor Roll student, Ashlen's accomplishments include being the recipient of the Wendy's Heisman Award, being crowned the 2007 homecoming queen, and being named Miss Hancock High School for 2008. Her plans following graduation include attending the University of Southern Mississippi in Hattiesburg and pursuing a career in the medical field. When it comes to high school, Ashlen will miss the simplicity most. Her favorite memories include the crazy times in the locker room with the Lady Hawks and dressing up for pep rallies. When asked to give words of wisdom or advice to the underclassmen, Ashlen responded, "Do everything to the best of your abilities and trust in God to do the rest."

Chelsea Wahl

Chelsea has been a member of the BETA Club, National Honor Society, Math and Science Team, and Leo. She was selected as Hancock County's Junior Miss 2008 and also serves as student director for the Hancock County Chamber of Commerce. She has participated in color guard and the tennis team. Chelsea is a Superintendent's Honor Roll student, Indoor Color Guard Regional Champion 2005, and a member of Who's Who Among American High School Students. After graduation, she plans to attend the University of Southern Mississippi and major in polymer science and pre-optometry. She will most miss seeing her friends everyday. Her favorite memories include Mississippi's Junior Miss, winning the championship with Montage, and when Mr. McWright was director. If Chelsea could give any advice to the underclassmen it would be to make the most of your high school years and dream big.

Hall of Fame

Jill Debenport

Jill is a National Honor Thespian and in 2008 was named by the Mississippi Theater Association as Southeast Best Actress and State Best Supporting Actress. In 2007, Jill won 1st place in district and state in the FBLA competition in desktop publishing and also won 4th place in the BETA Talent Competition. Jill has competed with the HHS forensics team and placed 5th in district competition. Jill has been a member of the FBLA, FCA, Student Council, BETA, Theater, Yearbook, SADD, and History and Government Club. Following graduation, Jill will attend Jones County Junior College and USM and major in musical theater. She plans to work her hardest at becoming the next big thing on Broadway's stage. Jill's fondest memories include drama trips, FBLA competitions, BETA conventions, forensics competitions, making the yearbook, and being able to share high school with her brother and sister. Jill will most miss all the people that have come to be such a big part of her life.

Waseem Uddin

Waseem has always been an honor roll student. He has maintained a perfect attendance record for the last 4 years of high school—an awesome accomplishment. Waseem is a member of the BETA Club, History and Government Club, National Spanish Honor Society, and National Honor Society. He has served as vice-president of the National Honor Society and received the award for BETA of the month. Waseem plans to attend the University of Southern Mississippi after graduating from high school and will study chemistry there for 4 years. After graduating from college, he will work as a polymer scientist. The things he will miss most about high school are his friends, teachers, and just being a high school student. Waseem's favorite high school memories include playing sports at Hancock High School. "Playing basketball and running track were my two favorite memories of high school!" Waseem's advice to the underclassmen: "Work hard and always be optimistic. There is nothing that you cannot achieve if you work hard enough. Time ticks off even if you don't do anything. If you do do something, it only benefits your!"

Melissa Ambrosino

Melissa has been a member of National Honor Society, BETA Club, National Spanish Honor Society, and History and Government Club. A National Merit Semifinalist, she is the recipient of many academic awards including English III Accelerated, Human Anatomy, and Zoology. She has participated in the math and Science Competition at Mississippi College and in Youth Legislature. Following graduation, Melissa plans to attend the Honors College at the University of Southern Mississippi and major in English or journalism. She would love to work for a magazine and one day become the editor-in-chief of a major publication. She will miss all the friends she has made in high school, but is excited to start a new chapter of her life. Her favorite memories of high school are of school trips and AP English class, especially during the play unit. The biggest lesson she has learned: always believe in yourself and don't worry so much. Everything always seems to work out in the end.

Elizabeth Fucich

Elizabeth was a four year member of the BETA Club and served as treasurer her senior year. She was secretary of the History and Government Club, a two-year Student Council representative, a member of National Honor Society and National Spanish Honor Society, and a three-year Talons Dance Team member. She represented Hancock High School in Hancock County's Junior Miss where she won the Scholastic Award. A National Merit Finalist, she has repeatedly competed in the Mississippi Science and Math Competition and the USM High School Physics Competition. Some of her other achievements include winning the Physics II, Spanish III, pre-calculus, and other academic awards. Elizabeth plans to attend a Mississippi university where she will pursue her interests in science, Spanish, and dance. She will miss performing with the dance team, hanging with the BETAS, going on school trips, and having classes with her closest friends. Her advice to the underclassmen: get involved, take classes you enjoy, and have fun while it lasts!

Jessica Jelinski

Jessica, a decorated member of Girl Scouts of America and Space Camp participant, is a member of the National Honor Society, Leo's Club, and the Junior Historial Society. A long-time band member, Jessica has earned the Director's Award for Band and has served as head captain of the band's color guard as well as section leader in the concert band. She has been named to the National Society of High School Scholars and has participated in the Mississippi Model Security Council. Jessica has worked as a poll worker on election days and is a senior member of the IMPACT competition dance team. After leaving HHS, Jessica plans to attend USM or MSU and transfer to the University of Alabama in Huntsville to earn a degree in engineering. Jessica will miss all of her classmates and teachers because the people of this school have become like family to her. Some of her favorite memories are of hanging out with her friends, marching and taking trips with the band, experimenting in physics, Model Security Council trips with Mrs. McKnight and field trips with Ms. Bourne. Jessica's words of wisdom: "When people tell you your best years will be in high school, they mean it. Your friends will change your life."

Charissa Garriga

Charissa has been involved in many clubs at HHS. She has been a member of FBLA for three years and served as reporter in 12th grade. She placed first in the district and state FBLA competition in Word Processing II. Charissa is also a member of National Spanish Honor Society and the National Honor Society. She served as class secretary as a junior and is president of the senior class. She has been active on the Homecoming Float Committee and on the 11th grade Prom Committee. Charissa has been on the honor roll every semester and has been selected for the National Honor Roll and Who's Who Among American High School Students. Following graduation, Charissa plans to attend Pearl River Community College and transfer to USM to pursue a degree in accounting. Her favorite memories of high school are of Homecoming 2006 and Float Committee in 2007. She will miss her friends from HHS the most. Her words of wisdom for the underclassmen are "Never let anyone or anything stand in the way of your dreams. Always go for what you want!"

Keith Wall

After graduation, Keith plans to attend college at the University of South Alabama where he will study pre-medicine. Keith plans to make a career as a plastic surgeon. Keith, who has been active in many clubs and has held many positions of leadership at HHS, will miss his friends, long weekends, homecoming week, club trips, and his senior year. His favorite memories of high school are BETA conventions, FBLA nationals, senior assembly day of his junior year, school vacations, prom and crazy weekends with his friends. Keith's words of advice: "Don't just take up space. Live your life with meaning and a purpose."

DeRae Graham

DeRae has served as president of the Class of 2008 in her sophomore and junior years. She has served as vice-president of the Students Council and BETA Club and has been secretary of the National Honor Society. DeRae has been a member of SADD, FCA, FEA, National Spanish Honor Society, and the History and Government Club. As a varsity cheerleader, she was named co-captain and named captain in this her senior year. DeRae was voted Who's Who Most Hawk Pride two consecutive years. Not only did she take baseball statistics for three years, but also took soccer statistics for one year. Despite her many activities, DeRae has remained on the honor roll throughout her high school career. She will miss her greatest friends - Hoo Rah! And all the wonderful memories made particularly at football games and prom. The biggest lesson she learned is: It doesn't matter what people think of you as long as you are satisfied.

Congratulations
Courtney and Whitney!

WOW! Finally its here. The big day you both have been waiting on and the worst day of your daddy's life, seeing his little babies all grown up and ready to adventure into this big world. You both have put a soft spot in your dad's heart that no one could come close to. Always remember how much you are loved by such a special man you call DAD! As for me the two of you are absolutely the best girls any step mom could ask for. Through our ups and downs and all those turnarounds you both still make my heart just melt away. Please remember to never give up in life until all your dreams come true.

Love,
Dad & Momma V.

We talked about how we would feel when this time finally came. You are our baby girl and it doesn't seem like you should be graduating high school. But, it is here and you are going out into the world to make a life of your own. It would normally be a scary thought, but because of who you are, and what you have become, it isn't scary at all. You always give and never ask for anything in return. You have learned to give your all in everything you do. That is a quality every parent wishes their child possessed. We're so glad you belong to us. There isn't a whole lot of advice we can give you that you don't already know. Remember you must have a dream to make a dream come true. The future belongs to those who believe in their dreams. We can just keep telling you to follow your dreams. If you choose to sing, there will always be a song. Don't ever look back in anger or forward in fear. Live for today. Life is a challenge, meet it with open arms. The best and most beautiful things in the world cannot be seen, nor touched ... but are felt in the heart. You will always be in our hearts wherever your dreams may take you. Never forget, **YOU WILL FOREVER BE OUR BABY GIRL!**

WE LOVE YOU!
Dad, Mom, Tiff and KC

Rocky Dedeaux

Rocky,

I just cannot believe that my baby is graduating. Where has time gone? You know we love you very much, but one thing we may not always remember to tell you is how proud we are of you, and the person you have become. I pray that you will always strive to do your best and never settle for anything less. You are truly a special person inside and out. Always remember to be honest, to trust in God, and always treat people as you would want them to treat you. We are so proud of you and want you to know that we will always be here for you as we always have, no matter what. Congratulations, good luck in your future, and may God bless you.

We love you, momma and daddy

Rocky,

I can't wait to sit there and watch you walk across stage and be able to say THAT'S MY BABY! Well I mainly want to say that I LOVE YOU and I hope you the best!

January 12, 1987, GOD blessed us with a beautiful baby boy!
You stole our hearts and that of your sisters too.
They loved dressing you up and playing with their new baby doll.

There have been many challenges and obstacles that you have overcome or improved upon since you entered into this world. We are so proud of you for trying so hard and not giving up on yourself. We will NEVER give up on teaching new skills that will help you become as independent as possible.

Over the years you have touched so many people and have taught them, including your family, the real meaning of "Unconditional Love". We have so many people to thank for accepting you for who you are and taking you under their wing. It makes us so happy to see you dress in your ROTC uniform and participate in the activities or go mud-riding with the boys or go alligator hunting with your Paw-Paw. We just LOVE to see you have fun!

Drew,
 The day was April
 The blanket was blue
 Our hearts were overjoyed
 The day we met you.
 Our lives would never be
 the same
 We are so blessed
 It has been a true joy
 To be your parents.
 How fast the time has
 flown
 Where it went I really don't
 know
 In the blink of eye how
 quickly you grew
 remember the first object
 you threw
 And so does your dad get-
 ting hit in the head
 with a high heel shoe
 No matter the challenge
 No matter the feat
 As you grew up
 You never accepted defeat
 I cherish the memories of
 you on the baseball field
 Taking a shortcut to 2nd
 base across the mound
 Choosing 3rd base rather
 than 1st
 As you were running
 around.
 Through all the years and
 all my tears

You overcome every ob-
 stacle
 And eliminated your fears.
 Today marks a new chapter
 to start in your life
 With great pride we realize
 Its time for you to move
 on.
 Our hearts have never
 been prouder
 Our love could not be more
 You can do anything of
 this we are sure
 Your accomplishments
 have been many
 But you are not through
 There is a world of dreams
 out there
 Waiting for you
 Let God direct your Path
 and keep your faith in him
 strong
 With love, joy and pride
 We watch you today
 Achieving yet another goal
 As you head on your way.
 What a great example you
 have been
 Not only our son but also
 our friend.
 We love you Millions!

We can't believe it's graduation time already. Our beautiful baby girl is all grown up! May all your dreams and wishes for the future come true. There are no limits to what life has to offer you. Believe in yourself and never quit! Remember the seed of success and greatness lies within you, nurture it and there will be nothing you can't do. Jurene,

Congratulations! You finally made it through high school. I am so proud of you. Like everyone else is probably telling you, just remember to follow your dreams and always reach for the highest! I know you will do well in college, but really enjoy it while you are there. The time passes by so fast and you hardly even realize it. Good luck and I love you.

Love your sister,

Congratulations Jurene!! I am very proud that you made it through high school. It seems like yesterday we were playing tag and hide and seek. But we had to blink and can hardly believe how fast things have changed including me and you. You have grown from my big sister to my big little sister and I want you to know that your little big brother will always be here for you. Well, go to college and enjoy it. College is the beginning of the end of your life and what is going to happen in the future, God only knows. You have to trust him when you can't trust anyone around you. Well, remember where you came from and what will always be here for you. Well, don't get mixed with the wrong crowd or wrong things. And, NEVER forget what Mom and Dad has always taught us. One more thing, make us and your self proud and I LOVE YOU.

A portrait of a young man with dark hair, wearing a blue graduation cap and gown. He is smiling slightly and looking towards the camera. A tassel is visible on the left side of the cap.

I am so very proud of you. I hope only the best will come for you. I know you will do well, because you have always excelled in everything you have ever done. You've never settled for anything but the best. Never change who you are for anyone or anything and you will achieve all you've ever hoped for and more.

Arielle Lege

There you are in your cap and tassel ready to make the world your castle; it seems just yesterday you were a kid, watching everything we did. Now we're watching you graduate — the grown young woman we helped create! On wings of knowledge you will fly; following your vision and rising high. We couldn't be prouder Arielle, of you; we wish you success in all you do. Remember one thing we want you to know: Our love is with you wherever you go.

Ashlen,

Our "Prayer Baby." The doctors told me that I would be bed-ridden for months during my pregnancy with you. The prayer warriors at Shiloh Baptist Church started praying for you everyday. Although you were born four weeks early, you were a strong, healthy, pre-mature baby girl. Thus you became known as our "Prayer Baby."

Ashlen, your father and I love you very much. We have watched you grow these past eighteen years in so many ways. You have become a beautiful, intelligent, loving person. Most importantly, you have become a person of great faith in the Lord, and we are very proud of you.

Our advice for you as you start a new journey in your life comes from God's word. Proverbs 3:5 says, "Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight." We love you Princess.

May God bless you always,

Mom and Dad

Mom, Dad, and Keith

Icky,

I want to start off by saying congratulations on graduating. You are not only my sister, but you are also my role model and best friend. Next year is going to be tough without you, but always follow your heart because I know God has big plans for you. Remember that I love you and am always here for you.

Love Always,
Stephie

IF I COULD CATCH A RAINBOW
 I WOULD DO IT JUST FOR YOU.
 AND SHARE WITH YOU IT'S BEAUTY
 ON THE DAYS YOU'RE FEELING BLUE.
 IF I COULD BUILD A MOUNTAIN
 YOU COULD CALL YOUR VERY OWN.
 A PLACE TO FIND SERENITY
 A PLACE TO BE ALONE.
 IF I COULD TAKE YOUR TROUBLES
 I WOULD TOSS THEM IN THE SEA.
 BUT ALL THESE THINGS I'M FINDING
 ARE IMPOSSIBLE FOR ME,
 I CANNOT BUILD A MOUNTAIN
 OR CATCH A RAINBOW FAIR
 BUT LET ME BE...WHAT I KNOW BEST,
 A FRIEND THAT'S ALWAYS THERE.

Love Lindsey

Shana,

I just wanted you to know that I cannot believe how fast you have grown up and how beautiful you are! I hope you know how so very proud I am to have a DAUGHTER like you. I could not have asked for anyone more talented and special. I am very PROUD of you for GRADUATING from high school, though that does not surprise me. I know that it has been very hard for you ... Ever since you were 3 years old your whole life changed before your eyes, but you never gave up and you always kept GOD in your life and in your heart. Your faith made you strong and able to make it through this far and will stay with you as long as you let it. Just remember to keep your head up and to keep God in your life to help you make the right choices and you will succeed in all you put your mind to. You know as well as I do that your GUARDIAN ANGEL is watching over you and is SO VERY PROUD of his baby girl.

CONGRATULATIONS and WE LOVE YOU!
MAMA and YOUR GUARDIAN ANGEL DADDY

Amazing, beautiful, outgoing, cheerful, head strong, thoughtful, sweet, mature, dependable, intelligent ... These are the words that come to mind when we think about you. Shana, you have been through so much in your life and you still manage to walk tall and keep your head high. Your graduating this year and we pray you continue this amazing path you walk and let it lead you into a blessed and endless future.

Congratulations and We Love You

I'm going to miss you when you go to college. Good luck in the future and I want you to know I will always be here for you. I love you very much.

Dearest Jessica, (our living doll)

Grandmom says that when you were born your arms were open wide as if to say "Here I am world . . . I want to see, do and touch everything." We know that you'll cherish the memories of friends, band, school and dance that you've made so far. Please know that just because this one part of your amazing life is coming to an end, and we are sad, to us it's also a time to rejoice because we can't wait to see how you embrace your new world (whether it is here or on Mars). The purpose of life, after all, is to live it, to taste experiences to the utmost, to reach out eagerly and without fear for newer and richer experiences.

We are so proud of you!

May you always be surrounded by friends,
Daddy, Mommy, Jamie and Joseph Jelinski

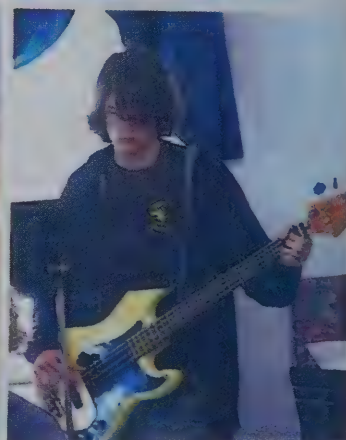

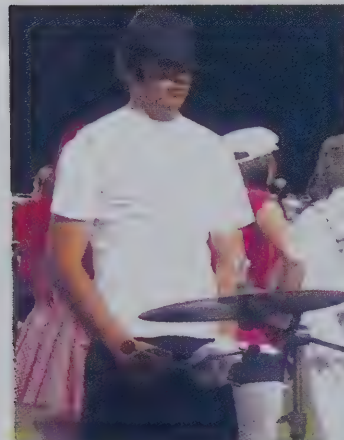

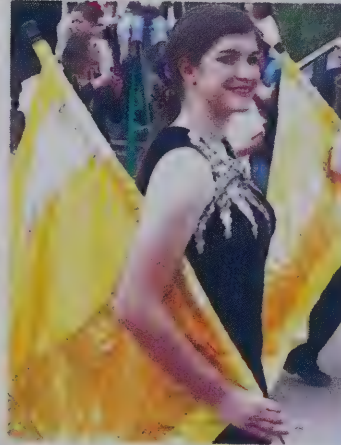

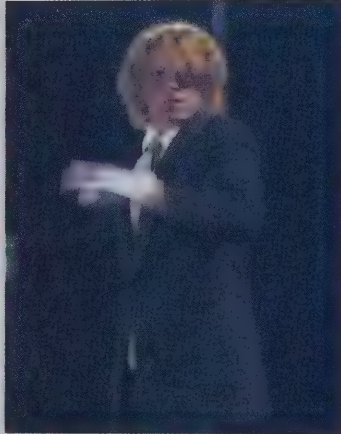

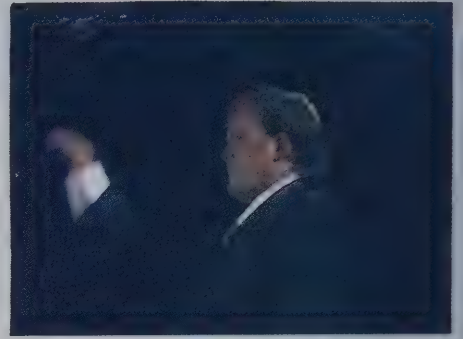

To our Senior Band Members:

Some of you joined the HHS Band in 8th grade and some joined us recently, but you all brought something special to our family. Your dedication over the years has truly been appreciated. You already understand that to achieve anything requires faith and belief in yourself, vision, hard work, determination, and dedication. All things are possible for those who believe. We believe in YOU!!! Go confidently in the direction of your dreams and live the life you've imagined!

We'll Miss All of YOU!

SENIORS!

We love you,
Mom & Dad.

Chase,

As we look back on the past 18 years, we cannot believe you're high school graduation is here! You have definitely left a mark on Hancock Elementary, Middle and High School. It has been such a joy to watch so many people love to be around you. Your charisma and charm draws people to you. We don't think you will ever know the impact you can have on people's lives. You've always been the "BIG kid" that so many have always looked up to and the one that everyone wanted on their side no matter how big or small the problem was. That's a gift! Use it to glorify God and you will be truly blessed! Graduating high school closes one chapter in life but opens yet another. There are so many new experiences and challenges that await you as you embark on this new journey and there is one thing that remains true God first, family second and everything else third. Chase you know what our family stands for and we hope that as you become a father, you will stand for the same morals, values and principles we have taught you. We are blessed to have you for a son, grandson and brother and we hope you feel blessed to have us for your family!!

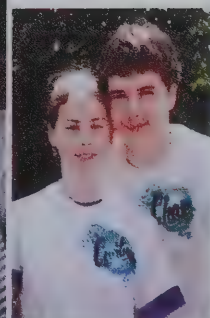

Court,

It seems like yesterday you was bouncing around in my belly. You wasn't like the other kids sleeping while I was working, kicking while I was resting. You were kicking while I was trying to work. You always had your own personality. When I said do this you would do that. You always tested me from the moment you got a chance. Now you are almost grown. It is hard to believe! You always knew what to do to get your way. I hope that you are just as head strong as you where when you were a little girl. Congratulations on finishing school!! I have lots of faith in you!!

Love always, MOM

God loves you and so do we!!
